The auction will be run with a 20-table system, therefore, a lot consists of no more than 20 items.

It works this way:- sellers identify their items using the letters of the alphabet from A through V (excluding 'I' and 'O'). Label each item with your lot number and item letter starting with table 'A' (e.g., seller #5 and the second item in the lot will be labeled '5B'). **Each item will be placed on the table having the same letter of the alphabet.** The auctioneer will sell all items on table 'A', then continue to table 'B' and so on until all items are sold.

Once entered, auction items MAY NOT BE WITHDRAWN. Minimum bids will be allowed but may not be changed without the consent of the auctioneer.

All buyers must register and receive a buyer's number (there will be no cash transactions during the auction). When checking out, payments by buyers must be made in cash.

S.C.A.A.S. reserves the right to request identification for buyers' numbers.

S.C.A.A.S. assumes no liability or responsibility for any items bought or sold, or any personal injury occurring during the event.
